
Just watched this one again

Slowly but surely, I am turning into a Will Smith fan. When I was younger, I disliked the guy. You know, the Fresh Prince and all that. Most of my disliked stemmed from him being rich, successful, good looking, and married to Jada Pinkett Smith who I find extremely lovely. Anyway, Bagger Vance is an awesome character and Will really shows his acting chops in this one. This one also has a great storyline. I recommend it to anyone reading this.
